SECTION G. CONTRACT ADMINISTRATION DATA

G.1 FUNDING AND FINANCIAL ADMINISTRATION

Payment of the contractor's cost shall be made in accordance with Part II, Contract Clauses, and Parts C and D below.

No Job Corps funds shall be provided to pay compensation to any individual, either as a direct cost or as an indirect cost, or proration at a rate in excess of Executive Level II (\$150,000 per year.) Proration means that the amount charged for a less than full-time employee cannot exceed an annualized rate of \$150,000. Compensation is defined as salaries and cash bonuses exclusively. This does not include fringe benefits. This applies to all functions within the Job Corps contract including subcontracted services.

The contractor shall be held financially responsible for the costs associated with placements found to be invalid, and shall be required to reimburse the government in an amount negotiated with the Contracting Officer and set forth in this contract.

The amount for which the contractor shall be reimbursed for construction and rehabilitation of Center facilities is given in Part A below. This amount shall be operative under this contract until such time as the Government may incrementally increase it.

The amount to be reimbursed to the contractor for purchased accountable property and the fixed day/month GSA rental charge exclusive of the GSA mileage charge and exclusive of excess personal property (as defined in the DOL Property Handbook for ET contractors, including revisions and amendments thereto), is given in Parts A and B below. This amount shall be operative under this contract until such time as the Government may incrementally increase it.

The contractor agrees that the costs generated under rehabilitation and equipment shall be maintained in a separate accounting classification to be entitled "Center Facilities and Equipment Accounts," as outlined in PRH, Chapter 5 and Appendix 502.

The Government and the contractor recognize that the estimated costs provided for in each of the two years of the initial contract period and in each of the option periods are solely for the individual periods designated and are not considered to be a cumulative amount. Therefore, if the contractor does not require the estimated costs for each designated contract period to meet the requirements of the contract, the Government reserves the right to reduce the estimated amount for that period to the amount of funds actually required for that period. This action shall take place after the completion of the designated period and the adjustment shall be applied to the total current estimated value of the contract.

C. Payment and Payment Due Date

1. Allowable Costs

In accordance with Clause 52.216-7, "Allowable Costs and Payment," the contractor shall be reimbursed for allowable, allocable costs incurred in performance of the work under this contract. In addition to reimbursements for direct costs incurred, the contractor shall be reimbursed for indirect costs in accordance with the FAR 42.7, "Indirect Cost Rates." Indirect Cost Rates shall be negotiated by the Department of Labor's Office of Cost Determination or other cognizant audit agency.

Indirect Costs applicable to this contract shall be calculated by applying a ☐ provisional, ☐ negotiated, or ☐ proposed rate to bases as shown below:

Indirect Cost	Base of Allocation	Rate for each Contract Year				
		1	2	3	4	5
G&A	Total Costs, excluding G&A and Contractor's Fee					
Overhead <input type="checkbox"/> Applicable <input type="checkbox"/> Not Applicable	Total Direct Salaries and Wages (<input type="checkbox"/> including/ <input type="checkbox"/> excluding fringe benefits)					
Total Indirect Cost						

For billing purposes, costs shall be calculated using the approved provisional rate as shown above, until a final rate is established. In the absence of an approved provisional rate, a negotiated/proposed rate shall be used.

In no event shall the reimbursement for G&A and overhead exceed the following ceiling:
G&A____%, Overhead____%

When final G&A and overhead rates are established, the total amount of Indirect Costs payable under this contract shall be determined by multiplying the final rate, or ceiling rate, whichever is lower, by the total amount of allowable costs incurred for Center operations, outreach/ admissions and career transition services. The total amount billed shall then be subtracted from this figure to determine the amount of G&A and overhead expense due to the contractor, or refund due to the Government in the event that the amount billed exceeds the total amount payable under the contract.

2. Fixed Fee (See Clause 52.216-08 (Mar-97))

3. Incentive Fee

Under the terms of this cost plus incentive fee contract, the contractor shall be paid a base fixed fee, and shall have the opportunity to earn an incentive fee and a performance excellence bonus based on achievement of goals. For purposes of this contract, the contractor's performance and the amount of incentive fee earned shall be determined annually at the close of the contract year, based on achievement of goals within Job Corps' Outcome Measurement System.

Annually, the Director of Job Corps will establish a performance range for the upcoming Program Year. The performance range will identify maximum and minimum incentive fee payment points as follows:

Maximum: level at which the contractor receives the maximum available incentive fee payment.

Minimum: level below which the contractor receives no incentive fee payment

Incremental incentive fee payment points will be established for each level of OMS performance (to one decimal point) within the established performance range.

In order to motivate and reward excellence in performance, those contracts whose performance exceeds the top of the National Performance Range will be eligible to earn a Performance Excellence Bonus. The bonus will be awarded for performance up to 10 OMS points above the top of the National Performance Range.

Performance ranges may fluctuate from year to year based on performance history for the preceding year. The contractor's performance will be evaluated based on the portion of the contract year that occurred during the Program Year for which the performance range was in effect.

Under the terms of this contract fixed and incentive fees shall be as follows:

Contract Year	Base Fixed Fee	Minimum Incentive Fee	Average Incentive Fee (Invoicing Level)	Maximum Incentive Fee	Maximum Performance Excellence Bonus
1		\$0			
2		\$0			
3		\$0			
4		\$0			
5		\$0			

4. **Payment Due Date**--Payments under this contract shall be due on the 30th calendar day after the date of actual receipt of a proper invoice in the office designated to receive the invoice. A proper invoice is defined in E below. All payments shall be made using Electronic Funds Transfer.

5. **Prompt Payment**

The Prompt Payment Act, Public Law 97-177 (96 Stat. 85, 31 USC 1801), is applicable to payments under this contract and requires the payment to contractors of interest on overdue payments and improperly taken discounts. Determinations of interest due shall be made in accordance with the provisions of the Prompt Payment Act and Office of Management and Budget Circular A-125.

3. **Payment Due Date**--Payments under this contract shall be due on the 30th calendar day after the date of actual receipt of a proper invoice in the office designated to receive the invoice. A proper invoice is defined in E below. All payments shall be made using Electronic Funds Transfer.

4. Prompt Payment

The Prompt Payment Act, Public Law 97-177 (96 Stat. 85, 31 USC 1801), is applicable to payments under this contract and requires the payment to contractors of interest on overdue payments and improperly taken discounts. Determinations of interest due shall be made in accordance with the provisions of the Prompt Payment Act and Office of Management and Budget Circular A-125.

D. Limitation on Withholding of Payments

If more than one clause or schedule provision of this contract authorizes the temporary withholding of amounts otherwise payable to the contractor for work performed under this contract, the total of the amounts so withheld at any one time shall not exceed the greatest amount which may be withheld under any one such clause or schedule provision at that time, provided that this limitation shall not apply to:

1. Withholdings pursuant to any clause relating to wages or hours or employees;
2. Withholdings not specifically provided for by this contract; and
3. The recovery of overpayments.

E. Invoice Requirements

1. The contractor shall submit the original, plus two (2) copies, of the invoice claiming reimbursement for costs for provisional payment directly to the COTR for certification and forwarding to the cognizant payment office.

For incentive fee, the contractor shall invoice the government at an amount equal to the incentive fee that would be earned for performance at the midpoint of the established performance range. At the end of the contract year, the Contracting Officer shall evaluate performance in accordance with the incentive fee performance range, and shall adjust (add or reduce) the incentive fee paid to the level earned by the contractor. In addition, Performance Excellence Bonuses will be awarded at the end of the contract year, along with other incentive fees earned by the contractor.

Invoices shall be submitted not more frequently than twice a month. Each invoice must contain, at a minimum, the following:

- a. Name of the business concern or agency preparing invoice;
- b. Date invoice is prepared;
- c. Contract number; and
- d. Name (where practicable), title, phone number and complete mailing address of

responsible official to whom payment is to be sent.

2. Certification must be made that the amount vouchered does not exceed the amount of funds available in the contract.
3. Standard Form 1034 shall be used for invoicing purposes and may be obtained from the GSA Regional Office. Each invoice shall be numbered consecutively and shall include costs, G&A, overhead, fixed and incentive fee incurred for the current period; and a report reflecting the cumulative total costs, G&A, overhead, and total cumulative fixed and incentive fee incurred.
4. For the purpose of this contract the COTR is hereby designated the authorized representative for the Contracting Officer for processing provisional payment of invoices, cost contractor's invoices, cost contractor's detailed statement of costs, per the provisions of Clause 52.216-07, Allowable Cost and Payment, except that the final invoice shall be forwarded to the Contracting Officer. The right to determine whether costs are allowable, disallowable, or should be suspended is not redelegated, but is reserved for the Contracting Officer.

G.2 INTERPRETATION OR MODIFICATIONS

No oral statement of any person and no written statement of anyone other than the Contracting Officer shall modify or otherwise affect the terms or meaning of this contract. All requests for interpretations, modifications, or changes shall be made in writing to the Contracting Officer.

G.3 52.217-08--OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days [*insert the period of time within which the Contracting Officer may exercise the option*].

G.4 52.217-09--OPTION TO EXTEND THE TERM OF CONTRACT (MAR 2000)

- (a) The Government may extend the term of this contract by written notice to the Contractor within 30 days; provided, that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.
- (b) If the Government exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

The contractor agrees that the estimated costs for operating the Job Corps Center and for providing outreach/admissions and/or career transition services (if applicable) in each of the option years shall be based on the agreed-to budget for ongoing expense in the preceding year, with an appropriate adjustment for price inflation using the same inflationary factor that is reflected in the Congressional Job Corps appropriation for the budget or program year in which the option year begins. The amounts shown in the Option Year budget table provided below are therefore considered provisional, except that the fixed **and incentive** fee amounts are considered final unless changed by subsequent bilateral contract modification.

G.5 OPTIONS

A. Non-Option Extension

Should the Government not exercise its option to extend for one of the above option years, the contractor agrees, if requested, to extend the contract for up to 120 days beyond the then scheduled completion date. An equitable adjustment for such an

extension shall be provided by the Government for the period of the extension in proportion to the student year cost then in effect. In accordance with the clause entitled "Limitation of Funds," the contractor shall notify the Contracting Officer if such funding shall not be sufficient for operations during the period of the extension. The contractor shall perform the work under this paragraph pursuant to a plan for the operation of the Center approved by the Contracting Officer. In the absence of such an approved plan, the contractor shall continue to operate the program in accordance with the plans in effect at the time of the extension until written directions are issued by the Contracting Officer.

B. Contract Terms and Conditions for Options

The Contracting Officer shall analyze the option year cost in relation to the current market price in deciding whether to exercise the option. In addition, factors to be considered by the Contracting Officer in the awarding of the option include the contractor's performance compared to performance standards established by the Director of Job Corps, and the contractor's performance in terms of compliance and qualitative assessments.

In addition, there may be other factors impacting on the option year decision. These include other terms and conditions of the contract, fair market value of similar contracts, the necessity of reducing disruptions to operations, innovations, corporate support, audit results, special review findings, other sources regarding compliance with this contract, as well as DOL administrative considerations.

If consideration and analysis of the above factors indicate a new contract is most advantageous to the Government, the option shall not be exercised. If the analysis of the above factors results in a favorable determination that is advantageous to the Government, the option may be exercised.

C. Request for Change In Option Price

If, after exercise of the option, the contractor has reason to believe the total cost to the Government shall exceed the estimated cost as stated in the option, the contractor shall notify the Contracting Officer in accordance with Clause 52.232-22, Limitation of Funds. If the Contracting Officer determines that an increase in the option year price is required, and is not caused by a change in the scope of work, such price increase, if made, shall not include an increase in fee. If the price increase requested is a result of a scope of work change, an equitable fee adjustment shall be considered.

G.6 LIQUIDATED DAMAGES FOR FAILURE TO COMPLY WITH REGULATIONS FOR SEPARATING STUDENTS

The contractor agrees to comply with the current requirements for separating students from the program. The contractor agrees further that the refundable cost to the Government for each day a student is retained (counted in the reported on-board

strength) in violation of Job Corps requirements, is determined by dividing the "annual student cost" ("cost per student year"), as stated in the contract, by 365. If the annual student cost is not stated for any given year, it shall be computed by dividing the total contract amount for the year by the total planned average on-board strength.

SECTION H. SPECIAL CONTRACT REQUIREMENTS

H.1 CONTRACTOR'S GENERAL RESEARCH COSTS

It is specifically agreed that no part of the costs of the contractor's sponsored independent general research program shall be charged directly or indirectly to this contract.

H.2 PAYMENT OF ROYALTIES

Payments by the contractor of any sum for royalties or patent rights not included in the ordinary purchase price of standard commercial supplies shall not constitute items of allowable cost hereunder, unless and until approved by the Contracting Officer. Reimbursement to the contractor on account of any such payments shall not be construed as an admission by the Government of the enforceability, validity, scope, or title to any of the patents involved, nor shall any such reimbursement constitute a waiver of any rights or defenses respecting such patents.

H.3 DUPLICATION OF EFFORT

The contractor hereby certifies that costs of work to be performed under this contract and any subcontract hereunder are not duplicative of any costs charged against any other Government contract, subcontract, or other Government source. The contractor shall include the provisions of this paragraph in every subcontract issued hereunder which exceeds \$2,500. The contractor agrees to advise the Contracting Officer in writing of any other Government contract or subcontract it has performed, or is performing, which involves work directly related to the purpose of this contract.

H.4 OTHER CONTRACTORS

The Government may undertake or award other contracts for the same, essentially similar, or related work, and the contractor shall fully cooperate with such other contractors and with Government employees. The contractor shall not commit or permit any act which shall interfere with the performance of work by any other contractor or by Government employees.

H.5 TRAVEL AND PER DIEM

All travel and per diem charges shall be in accordance with Federal Travel Regulations or those of the contractor, whichever is more restrictive. Current Federal Travel Regulations may be obtained from the Contracting Officer or at the following website: <http://policyworks.gov>.

The contractor shall request Regional Office approval prior to any out of Region travel that will be charged to this contract.

H.6 WAGE COMPARABILITY

- A. The contractor agrees: (1) to pay at least the prevailing applicable Federal minimum wage (refer to Section 6(a) (1) of the Fair Labor Standards Act of 1938, as amended); (2) that DOL shall reimburse for compensation in excess of the minimum only to the extent that such compensation does not exceed the standards set forth for reasonableness thereof in the applicable Cost Principles (FAR 31.2). In general compensation should be limited to an amount which does not exceed the wage or salary payable to persons providing substantially similar services in the area where the program is being carried out, or the area of the particular employee's immediately preceding employment, whichever is higher. The contractor agrees to submit a statement of wages and salaries as required under B below.
- B. As appropriate and required, the contractor shall pay Davis-Bacon and/or Service Contract prevailing wages and ensure that subcontractors follow those provisions. The contractor is liable for costs if wages are being paid below the prevailing rates. The Government is liable for costs if the contractor is paying the prevailing rates and a protest or problem occurs with those rates.

H.7 SERVICE CONTRACT ACT OF 1965, AS AMENDED

- A. The Service Contract Act of 1965 is not applicable to contracts for the operation and management of Job Corps Centers. However, subcontracts awarded by contractors operating and managing Job Corps Centers are subject to the Act to the same extent and under the same conditions as contracts made directly by the U.S. Department of Labor.
- B. Subcontracts awarded by contractors operating and managing Job Corps Centers shall include the applicable clause in FAR 22.10, with such modifications as would otherwise be inappropriate had the clause been included in the prime contract.
- C. In order that the requirements of FAR 22.10 may be complied with, the contractor shall notify the Contracting Officer not less than 45 days prior to issue of any invitation for bids or requests for proposals, or commencement of negotiations for any subcontract exceeding \$2,500, which may be subject to the Act.
- D. The Department of Labor is responsible for obtaining prevailing wage rates for service type subcontracts and shall make applicable wage rates a part of this contract.

H.8 COMPLIANCE WITH COPELAND REGULATIONS

The contractor shall comply with the Copeland Regulations of the Secretary of Labor (29 CFR, Part 3) which are incorporated herein by reference.

H.9 WITHHOLDING

The Contracting Officer shall upon his/her own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same Prime Contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements which is held by the same Prime Contractor, as much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers employed by the contractor or any subcontractor, the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the Contracting Officer may, after written notice to the Prime Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

H.10 RELIGIOUS AND POLITICAL ACTIVITY

The contractor agrees that it shall not perform or permit any religious proselytizing or political propagandizing in connection with the performance of this contract. The contractor's employees, volunteers and trainees shall not be assigned to conduct religious or political activities or instruction. Funds under this contract shall be used exclusively for performance of the work required under this contract. No funds made available under this contract shall be used to promote any religious or political activities.

The Government hereby gives its authorization and consent for all use and manufacture of any invention described in, and covered by, a patent of the United States in the performance of this contract or any part hereof or any amendment thereto or any subcontract hereunder (including any lower-tier subcontract).

H.15 PATENT RIGHTS

- A. Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived, or for the first time actually or constructively reduced to practice, by the contractor or its employees, in the course of, in connection with, or under the terms of, this contract, the contractor shall immediately give the Contracting Officer written notice thereof and shall promptly thereafter furnish the Contracting Officer complete information thereon; and the Contracting Officer shall have the sole and exclusive power to determine whether or not, and where, a patent application shall be filed, and to determine the disposition of all rights in such invention, improvement, or discovery, including title to, and rights under, any patent application or patent that may issue thereon. The determination of the Contracting Officer on all these matters shall be accepted as final and the provisions of the clause of this contract entitled "Disputes" shall not apply; and the contractor agrees that it shall, and warrants that all of its employees who may be the inventors shall, execute all documents and do all things necessary or proper to the effectuation of such determination.
- B. Except as otherwise authorized in writing by the Contracting Officer, the contractor shall obtain patent agreements to effectuate the provisions of this clause from all persons who perform any part of the work under this contract, except such clerical and manual labor personnel as shall have no access to technical data.
- C. Except as otherwise authorized in writing by the Contracting Officer, the contractor shall insert in each subcontract having experimental, developmental, or research work as one of its purposes provisions making this clause applicable to the subcontractor and its employees.
- D. If the Government obtains patent rights pursuant to this clause of this contract, the contractor shall be offered license rights thereto on terms at least as favorable as those offered to any other firm.
- E. In the event no inventions, improvements, or discoveries (whether or not patentable) are made or conceived, or for the first time actually or constructively reduced to practice by the contractor or its employees in the course of, in connection with, or under the terms of, this contract, the contractor shall so certify to the Contracting Officer before final payment hereunder.

- F. If the contractor is permitted to file patent applications pursuant to this clause, the following statement shall be included within the first paragraph of the specification of any patent application or patent:

"The invention described herein was made in the course of, or under, a contract with the Department of Labor Employment and Training Administration."

H.16 ELIMINATION OF SEXIST LANGUAGE AND ARTWORK

All written materials issued by a contractor shall conform to the following guidelines for eliminating sexist language and artwork:

- A. Avoid the use of sex references in job titles. Titles should conform to the Census Bureau's occupational classification system and the 1992 edition of the Dictionary of Occupational Titles, and the O-Net System.
- ✓ Longshore workers instead of longshoremen.
- B. Avoid the use of male and female gender work forms.
- ✓ Aviator to include men and women pilots, not aviatrix.
- C. Include both sexes by using terms that refer to people as a whole.
- ✓ Human beings or people instead of mankind.
- D. Avoid the use of masculine and feminine pronouns or adjectives in referring to a hypothetical person or people in general. Example: The average American worker spends 20 years of his life in the work force. Sentences such as this can be changed in the following ways:
- ✓ Reword to eliminate unnecessary gender pronouns and adjectives: The average American worker spends 20 years in the work force.
 - ✓ Recast into the plural. Most Americans spend 20 years of their lives in the work force.
 - ✓ Replace the masculine or feminine pronoun or adjective with "one," "you," "he or she," "her or him," or "his or her": An average American spends 20 years of his or her life in the work force.
- E. Refer to both men and women in such generic terms as economist, doctor, lawyer. Identify sex through the use of pronouns.
- ✓ The lawyer made her final summation.

- F. Avoid the use of stereotyped terms or expressions such as "man-sized" job.
- ✓ Employee-years and employee-hours (or staff-hours) instead of man-years and man-hours.
- G. The use of artwork in publications should conform to the following guidelines:
- ✓ Strive to use racially and sexually balanced designs.
 - ✓ Depict both men and women in artwork on general subject matters.
 - ✓ Show men and women in a variety of roles in photographs, illustrations, and drawings. For example, show men and women as managers and skilled laborers.

H.17 TITLES TO STUDIES

The contractor agrees that all studies, evaluations, proposals and data produced or developed in the performance of this contract for which reimbursement is appropriate hereunder shall become the property of the Government. This provision does not preclude the Contractor from seeking copyright of materials, other than those described above, such as teaching material and curricula.

H.18 PRINTING AND DUPLICATING

This clause is applicable to all contracts which require printing/duplicating services as part of the contractor's performance.

The contractor shall comply with all duplicating and printing regulations issued by the Joint Committee on Printing under the authority of sections 103.501 and 502, Title 44, United States Code. Such authorization may be obtained from the Contracting Officer through the Department Printing Officer. Nothing in this clause shall preclude the procurement of writing, editing preparation of manuscript copy and preparation of related illustrative material.

- C. The contractor agrees to and does hereby grant to the Government and to its officers, agents, and employees acting within the scope of their duties, a royalty-free nonexclusive and irrevocable license throughout the world, to publish, translate, reproduce, deliver, perform, dispose of, and to authorize others to do so. All subject data now or hereafter covered by copyright; provided that, with respect to such subject data not originated in the work furnished under this contract but which is incorporated in the work furnished under this contract, such license shall only be to the extent that the contractor, its employees or an individual or concern employed or assigned by the contractor to originate and prepare such data under this contract, nor has, or prior to completion or final settlement of this contract, may acquire the right, or grant such license, without becoming liable to pay compensation to others solely because of such grant.
- D. The contractor shall exert all reasonable effort to advise the Contracting Officer, at the time of delivery of the subject data furnished under this contract, of all portions of such data copied from work not composed or produced in the performance of this contract and licensed under this clause; provided that, if such subject data is included, evidence shall be submitted by the contractor of the copyright owner's consent to the use of such subject data by the contractor. In the absence of such consent, the contractor agrees not to furnish such subject data.
- E. The contractor shall report to the Contracting Officer promptly and in reasonably written detail, each notice of claim of copyright infringement received by the contractor with respect to all subject data delivered under this contract.
- F. The contractor shall indemnify and save and hold harmless the Government, its officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses, (i) for violation of proprietary rights, copyrights or right of privacy, arising out of the publication, translation, reproduction, delivery, performance, use, or disposition of any data furnished under

this contract; or (ii) based upon any libelous or other unlawful matter contained in such data.

- G. Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.
- H. The contractor shall not affix any restrictive markings upon any subject data, and if such markings are affixed, the Government shall have the right at any time to modify, remove, obliterate, or ignore any such markings.
- I. The contractor further agrees not to publish, have published, or otherwise disseminate any information of whatever nature resulting from the work being performed under this contract except as many be approved by the Department's Contracting Officer hereunder.
- J. The contractor agrees that the Department's Contracting Officer hereunder shall determine the disposition of the title to any rights under any Copyright secured by the contractor or its employees on copyrightable materials developed under this contract.
- K. Contractor agrees to preserve for a period of 36 months and, upon request of the Contracting Officer, make available to the Government for use, all scientific and technical information, data and know-how of any nature developed in performance of this contract and in connection with the contractor's activities on or related to this contract, regardless of whether such information, data and know-how was delivered and/or deliverable under the terms and provisions of this contract.

H.20 DISPOSITION OF MATERIAL

Upon termination or completion of all work under this contract, the contractor shall prepare for shipment, deliver F.O.B. destination, or dispose of all materials received from the Government and all residual materials produced in connection with the performance of this contract as may be directed by the Contracting Officer, or as specified in other provisions of this contract. All materials produced or required to be delivered under this contract become and remain the property of the Government.

H.21 CONSULTANTS

- A. Consultant(s) hired to perform under this contract may be compensated at a rate for time actually worked or at a fixed price for performance of a specific task, or at nominal compensation in accordance with the contractor's policies. Written approval from the Contracting Officer must be obtained before a consultant is hired, regardless of contract type (hourly, or fixed price).

- B. The amount or rate of payment shall be determined on a case-by-case basis taking into account (among any other relevant factors) the relative importance of the duties to be performed, the stature of the individual in their field, comparable pay for positions under the Classification Act or other Federal pay system (i.e., As a percent of maximum compared to GS ratings - GS-12, 55 percent, GS-13, 65 percent, GS-14, 75 percent, GS-15, 85 percent, SES-1, 96 percent, SES-2, 98 percent, SES-3, 100 percent), rates paid by private employers, and rates previously paid other experts or consultants for similar work.

The percentage of 65 ratings is provided as a guideline and is subject to change. In no event shall a consultant's allowable rate exceed \$260 per normal workday regardless of the 65 percent ratings guide provided above. The \$260 is exclusive of travel and per diem cost which may be added to the allowable consultant's rate.

- C. The contractor shall maintain a written report for the files of the results of all consultants charged to this contract. This report must include, as a minimum: (1) The consultant's name, dates, hours and amounts charged to the contract; (2) the names of the Contractor's staff to whom the services are provided; and (3) the result of the subject matter of the consultation.

H.22 USE OF THE AMERICA'S WORKFORCE NETWORK (AWN) BRAND

The official name for the nationwide system of providing employment and training through the Workforce Investment Act partnerships and various other federally sponsored programs is "America's Workforce Network." To achieve the goals of this contract, it is important that the public has a quick and easy method of identifying that the projects or programs they are taking part in are part of "America's Workforce Network." To provide this information to the public, the contractor agrees to place the "America's Workforce Network" logo, in accordance with the U.S. Department of Labor's guidelines for such use, on all public materials such as statements, press releases, brochures, advertisements, reports, and other documents describing projects or programs funded in whole or in part with Federal money.

When the America's Workforce Network logo is used, the contractor may accompany it with the following statement: "Job Corps is a Proud Member of America's Workforce Network."

The contractor shall not use the "America's Workforce Network" logo in any manner that would imply that the Department of Labor endorses a commercial product, service, or activity or that material of a nonofficial nature represents the U.S. Department of Labor.

The America's Workforce Network logo and user guidelines are available at www.jobcorps.org.

ATTACHMENT J-5 (page 1 of 13)**STAFFING CHART****Instructions for Completing the Staffing Chart:**

To ensure that all cost and staffing proposals are evaluated fairly it is imperative that proposals be presented as clearly and as consistently as possible.

In addition to the presentation of staff resources by cost groups under the ETA 2110 format, it is necessary to display, for the purpose of evaluation, the number of staff by functional groups in accordance with the outline of the Statement of Work, Part I, Section C.

The following Staffing Chart shall be completed. The number of staff in each function shall be shown on this chart. The costs of each staff position shall be shown in the narrative justification for each ETA 2110 line of your cost proposal. It is realized that each contractor has its own manner of organizing its staff. However, for the purposes of this proposal, follow the outline of this staffing chart. Also, to assure cost proposal consistency please allocate each staff member cost in your cost proposal in accordance with the ETA 2110 Line Number and Cost Code as detailed in the PRH, Chapter 5, for each separate position. The line number and cost code may differ from Attachment E.

It is realized that different contractors have different position titles for similar functions. The Staffing Chart describes functions. Try to allocate your own staff titles to the functional titles on the chart wherever possible. In the event that a position is so unique that it shall not fit any title on the chart, place the position in the appropriate place on the chart and indicate by Line Number and/or Cost Code where it can be found in your cost proposal.

Definitions

1. Function. The major purpose of the position.
2. Sub-Function. A more precise description than the function. If none is needed do not complete the column.
3. Line Number. The ETA 2110 cost line number. See PRH, Chapter 5.
4. Cost Code. The cost reference code from the instructions in the PRH, Chapter 5, Appendix 502.

ATTACHMENT J-5 (page 2 of 13)

5. Number. The number of staff at each position title. If none are proposed, leave the line blank. If one person performs more than one function or one person performs the same function in two or more different functional areas, show the allocation of that person's time as a decimal (e.g., .5) allocation to the proper line.
6. Remarks. The Center title, if different from the function title shown, and any comments you wish to make.
7. Note. If a position is contracted show the number in parentheses () and indicate the Line Number and Cost Code to which the cost is charged in the remarks column.

Attachment J-18**PERFORMANCE BASED SERVICE CONTRACTING PLAN
OFFICE OF JOB CORPS****INTRODUCTION:**

Performance Based Service Contracting (PBSC) is an approach to procuring services using contract requirements described in objective terms with measurable outcomes, and relating the contractor's total payment directly to how well the contractor has met those requirements. PBSC is an outgrowth of the Government Performance Results Act, and, as such, focuses on specifying desired outcomes rather than on prescribing how the work is to be performed.

1. Contractor's Fee:

The contractor's fee will be a combination of fixed and incentive fees. The contractor will be paid a base fixed fee, (lower than the customary fixed fee for the type of work). The remaining fee amounts will be used to establish a National incentive fee pool. The contractor will have the opportunity to earn additional fee (up to and above the customary level) based on achievement of Outcome Measurement System (OMS) goals within a performance range established by the government. Incentive fee will be paid from the National incentive pool.

In addition, the contractor will have an opportunity to earn a performance bonus for excellent performance as defined by the Director of Job Corps.

2. Establishing the Performance Range:

The performance range for each upcoming year will be established annually by the Director of Job Corps and will be based on the performance of all contracts on the Outcome Measurement System (OMS) Report Card for the preceding Program Year. The performance range will identify maximum and minimum payment points as follows:

Maximum: level at which the contractor receives the maximum available incentive fee payment.

Minimum: level below which the contractor receives no incentive fee payment

Incremental incentive fee payment points will be established for each level of OMS performance (to one decimal point) within the established performance range, i.e. incentive fee amounts will be established incrementally for 90.0%, 90.1%, 90.2%, etc.

To ensure that eventual costs to the government do not exceed budget availability, the performance range will be set so that there is a balanced distribution between higher and lower performers. Under this system, a contractor performing at an average level

would receive a total fee (base + incentive fee) equating to the approximate current average contractor fee.

In order to motivate and reward excellence in performance, those contracts whose performance exceeds the top of the National Performance Range will be eligible to earn a Performance Excellence Bonus. The bonus will be awarded for performance up to 10 OMS points above the top of the National Performance Range.

Performance ranges may fluctuate from year to year based on performance history for the preceding year. Each contractor's performance will be evaluated based on the portion of the contract year that occurred during the Program Year for which the performance range was in effect.

3. Establishing Fee Levels:

Base Fixed Fee: As described in the RFP, each offeror will propose a base fixed fee for the contract that shall not exceed 3.6% of total direct + indirect costs. This equates to 75% of the current average fixed fee (4.8%) for all center contracts with for-profit entities. Fee will be expressed in the resultant contract as a dollar amount rather than as a percentage.

Incentive Fee: Incentive fee payments will be earned by the contractor based on the level of achievement within the established National performance range. A range of incentive fee payments will be available with the maximum being 2.4% of total direct + indirect costs (or 2/3 the base fixed fee), and the minimum being \$0. Incentive fee amounts will be distributed in equal increments throughout the performance range. Incentive Fee will be expressed in the resultant contract as a dollar amount rather than as a percentage.

Performance Excellence Bonus: The amount of the Performance Excellence Bonus pool for the contract will be equal to 10% of the maximum total fee (base fixed fee + incentive fee). The bonus pool will be distributed in equal incremental amounts throughout the bonus range.

4. Performance Evaluation Periods:

An Incentive Fee evaluation and fee payout reconciliation will be made annually for each contract at the end of the contract year.

5. Billing and Payment of Fees:

Base fixed fee will be billed in equal monthly or semi-monthly increments throughout the contract year.

Incentive fee will be billed in equal monthly or semi-monthly increments at the level equal to 1.2%, the level that would be earned for average performance.

Upon completion of the contract year, the Contracting Officer will evaluate the contractor's overall performance, determine the level of incentive fee actually earned by the contractor, and issue a bilateral contract modification to adjust (add or reduce) incentive fee to the level earned.

Performance Excellence Bonuses will be awarded at the end of the contract year, along with other incentive fees earned by the contractor.

6. Encouraging Competition For Historically Poor Performing Centers:

For a contract designated by the Contracting Officer as 'historically poor performing', when a new contract is awarded and the successful operator is a non-incumbent, a fixed fee not to exceed 4.8% shall be paid for the first half of the base contract period, i.e. 1st year for center operations contracts. This is equivalent to the base fixed fee + incentive fee that would be earned by a contractor whose performance equaled the satisfactory performance level. The incentive fee provisions will become effective with the beginning of the 2nd half of the base contract period, year 2 for center operations contracts. Beginning with the second year of the base contract, the new contractor's fixed fee shall revert to an amount not to exceed 3.6%, and eligibility for incentives shall commence. Billing shall follow provisions described in Section 5, above. This provision is intended to hold the new contractor harmless for results attributable to the former contractor.

7. Example:

The following example demonstrates the application of the Incentive Fee Plan to a new center award based on various OMS overall ratings. In the example, the period of performance for the contract year crosses the Program Year, and is, therefore, covered by 2 different performance ranges. For purposes of the example:

- Incremental payment points within a performance range are shown with no decimal places. In practice, payment increments will be established for OMS ratings to one decimal place.
- Sample performance ranges are shown. The actual performance ranges will be established for each PY based on the performance of all centers for the previous year.

When required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of this proposal. 4. Subcontracting Plan (Does not apply to Small Businesses)

Submit a subcontracting plan prepared in accordance with Clause 52.219-9. The plan must separately address subcontracting with 1) small business, 2) small disadvantaged business, 3) women-owned small business, 4) veteran-owned small business, and 5) HUBZone concerns. For purposes of this procurement, the NAICS Code is 561210. Offerors are considered small businesses if their

annual sales or receipts for the preceding three (3) years do not exceed \$23.0 million.

The subcontracting plan, at a minimum, shall include achievement of the following goals:

Small Businesses	23%
Small Disadvantaged Businesses	2.5%
8(a) Businesses	2.5%
Women Owned Small Businesses	5%
HUBZone Small Businesses	3%

For proposed subcontracting of key components, the appropriate section of the technical proposal must describe in detail the organizational relationships and procedures established to ensure proper management, oversight, training, coordination, etc. A complete breakdown of costs associated with the subcontracting of a key component of center operations must be displayed in the Business Management Proposal. This should also include any costs associated with oversight of the sub-contractual relationship.

Small Businesses should note that while a subcontracting plan is not required it is requested that they provide a listing of subcontracts that are anticipated. The subcontract list should include at a minimum a list of the functions, tasks, and positions that are proposed and the anticipated dollar value.

5. Cost Justification - Business Management Proposal (BMP)

Content

Costs shall be mentioned only in the BMP (which will include OA and CTS - separately tabbed) and Transition/Phase-out proposals and nowhere else. **The offeror's Cost Justification shall consist of the following and in the order stated:** (Sample forms and attachments are shown in Section J)

- (1) Cost and Price Analysis Summary Form
- (2) Certificate of Current Cost or Pricing Data
- (3) Statement of Financial Capability (ETA 8554)

- (4) An ETA 2110 Financial Display by Year, which shall be used as a recapitulation sheet for the ETA 2110 for two base years. The ETA 2110 shall be presented in the following manner: Col. 1, 1st Year SY; Col. 2, 1st Year Costs; Col. 3, 2nd Year SY; Col. 4, 2nd Year Costs; Col. 5, Total SY; Col. 6, Total Costs. A separate ETA 2110OA/CTS shall be submitted for OA/CTS costs if applicable.
- (5) A narrative justification for each line item of the ETA 2110 for each of the two base years. Include all explanatory narratives and calculations showing how costs are determined. Cost justifications based solely on historical data will be considered insufficient to support cost proposals. Provide narrative justification for each line item showing how the labor, material, travel, subcontractors, facility maintenance, and other costs outlined on the ETA 2110 were determined. A justification of general and administrative costs shall be provided. Include the backup data to support the type of labor and estimated numbers of staff within each labor category. Include basis for pay rates used, giving sources and amounts for wage survey.

The contractor shall propose a fee consisting of a base fixed fee and an incentive fee. The base fixed fee shall not exceed 3.6% of total direct and indirect costs. The incentive fee shall be proposed at a level equal to 1.2% of total direct and indirect costs (the level that will be used for invoicing purposes.) Based on performance evaluation, at the end of each contract year, it is understood that the incentive fee range shall be from \$0 to 2.4% of total direct and indirect costs. In addition, the contractor will have the opportunity to earn a Performance Excellence Bonus in accordance with Job Corps' Incentive Fee plan. However, the Performance Excellence Bonus should not be included in the offeror's cost proposal, but will be identified in the resultant contract.

Under those ETA 2110 line items relating to staff costs, show your computations in the following vertical columns: (1) position title; (2) direct wage or (3) benefits and other indirect costs; and (4) total cost to the contract for each position. Individual, separate staff position costs will be included in the narrative justification for each line item of the ETA 2110. Do not consolidate costs for similar positions. Show each position cost separately.

Include a breakdown of the amount estimated for travel, including destination, duration, purpose and cost (per diem and transportation).

Include backup data to support the estimated amount of material and subcontracting (if applicable), including description of materials to be procured, basis for proposed subcontract, and amounts proposed.

Subcontract information shall contain the list of names and addresses of any proposed subcontractors or consultants the offeror intends to use in the performance of the contract. Include the following information about subcontractors in excess of \$25,000:

- (a) Has the subcontractor submitted a cost proposal?
 - (b) Will the subcontractor be able to start performance at the beginning of the contract period?
 - (c) What is the total cost of each subcontract?
 - (d) What experience does the subcontractor have in this technical area?
 - (e) What services (skills) will the subcontractor provide?
- (6) An Accounting System Certification, which is a statement certifying that the offeror has an established accounting system with internal controls adequate to safeguard their assets, check the accuracy and reliability of the accounting data, promote operating efficiency, and permit compliance with Government requirements and accounting procedures with respect to cost-reimbursement type contracts. The statement shall be executed by an independent, certified or duly licensed public accountant.
- (7) A completed Standard Form 33, Solicitation, Offer and Award, and all attachments thereto as outlined in the instructions, (Section K) for each copy of the Business Management Proposal.
- (8) A completed Staffing Chart which will indicate the number of staff for each center function.
- (9) Total Compensation Plan (salaries and fringe benefits) for professional and non-professional employees. This plan will also include a description of any bonuses, monetary awards, and other contingent payment plans for all staff charged directly to this contract. The narrative must explain the policy under which these payments will be dispersed.

In developing staff compensation plans, offerors shall propose combined base salary and employer paid fringe benefit levels which are consistent with the levels displayed in the National Job Corps Staff Compensation Table (Attachment J-17). This table reflects independent, expert advice that has been given to the Department of Labor concerning the average salary levels that centers must offer in order to be fully competitive within their respective local labor markets. The data in the table that is attached to this RFP has been adjusted for inflation due to the passage of time and also adjusted to better match labor cost conditions in the center's locality. The amounts shown on the table reflect the average annual salary target for each category of position along with an allowance for employer paid fringe benefits equaling 23% of base salary costs. Offerors shall have flexibility to make tradeoffs between salary and fringe benefits in a manner they believe

will best enable them to attract and retain qualified staff. Offerors may propose other adjustments to staff compensation expense due to vacancy savings, overtime expense, night differentials, holiday differentials and so forth.

(10)

Staff Salary Structure – The offeror shall use the **National Job Corps Staff Compensation Table** (Attachment J-17) as the basis for development of the staff salary structure. The data provides a model national average salary structure for most of the job categories typically employed at Job Corps centers. Inflationary and geographic adjustments have been applied to the model to reflect salary levels that will be appropriate at the beginning of the contract performance period.

Offerors submitting proposals in response to this RFP are expected to use the geographically adjusted national averages as the basis for developing staff salary structures. However, as noted above, **offerors shall have flexibility to make tradeoffs between salary and fringe benefits levels.** Also, if an offeror perceives the salary shown for a particular position to be substantially different from prevailing pay rates in the local labor market, use of an alternative salary must be fully justified.

For any positions not identified in the the **National Job Corps Staff Compensation Table**, offerors shall fully justify proposed salary levels using prevailing pay rate data from the local labor market.

(11) All Representations and Certifications required in Section K of this RFP shall be made part of the Business Management Proposal.

(12) A copy of the offeror's Indirect Cost Negotiation Agreement from the cognizant federal agency.

(13) Option Extension Information

The Business Management Proposal shall include estimated costs, including G&A, overhead, fixed and incentive fee and OA&CTS (if applicable), for three 1-year extensions of this contract. The Government shall have the unilateral right to exercise options to extend the contract for additional year(s) pursuant to Clauses 52.217-08 and -09 of the Schedule, "Option to Extend." Such extensions shall herein after be referred to as "options."

The offerors will explain how the costs for each option year were estimated. A budget for each option year will be submitted on an ETA 2110. The contractor understands that the estimated costs for operating the Job Corps

center in each of the option years will be based on the agreed-to budget for ongoing expense in the preceding year, with an appropriate adjustment for price inflation using the same inflationary factor that is reflected in the Congressional Job Corps appropriation for the budget or program year in which the option year begins. The amounts proposed in the Option Years are therefore considered provisional.

The facility shall be provided as Government-furnished property at no cost to the contractor.

6. Transition/Phase-out Proposal

Incumbents shall submit a Phase-Out Proposal and new offerors shall submit a Transition Proposal. Narrative and cost justification shall be bound together in the Transition/Phase-Out Proposal.

The Government recognizes that if the incumbent contractor is not the successful offeror, the successful offeror will then take over an existing Job Corps center operation as negotiated. If so, the incoming contractor will have a transition period in which to become familiar with the presently operating center, as well as time to interview and hire staff necessary to operate the center.

The successful offeror will be required to take over complete operation of the center with the start of performance under the resultant contract. The transition period begins no less than 30 days prior to that date and will be negotiated as a separate statement of work.

Accordingly, offerors other than the incumbent contractor should submit a separate proposal outlining in detail their transition plan. Included will be the period of time required for each action, staff requirements, and major steps to be accomplished during the transition period. The Government also recognizes that if the incumbent is not the successful offeror, the incumbent contractor will have certain activities to perform in the orderly phase-out of operations; therefore, the incumbent shall submit a 30-day Phase-Out Proposal outlining in detail the phase-out plan. Included will be the period of time involved for each action, staff requirements, and major steps to be accomplished during the phase-out period. The phase-out period will begin the same time as the transition period, 30 days prior to the end of the incumbent's contract, and end on the last day of the incumbent's contract.

It is the intent of the Government to have an orderly operation during the last 30 days of the incumbent's contract (see Clause 52.237-3, Continuity of Service). Therefore, the incumbent contractor will be allowed only the normal costs of operating the center for the final month of the contract. The incumbent's administrative activities required to orient the incoming contractor will be an allowable direct cost. It is the Government's expectation that the outgoing

contractor will use persons already included in its organizational indirect cost package for such activities as inventory comparison checks with the new contractor and final billings comparison checks with the new contractor and final billings after contract expiration. The allowable cost for Phase-Out will be limited to unused and unpaid leave for which cost accrual has not been made and if applicable, severance pay and relocation in accordance with personnel policies approved for this contract by the contracting officer and any other costs determined to be reasonable by the contracting officer.

There will be only one operating contractor responsible for the center's operation at any given time. Transition preparations shall not cause any unreasonable interference with the departing contractor's operation. When the new contractor begins operations, the former contractor will not cause any unreasonable interference with the new operator's program.

Criteria:	Past Performance	Effectiveness
------------------	-------------------------	----------------------

Possible Points:	Maximum: 20 Minimum: 0	Maximum: 5 Minimum: 0
Source:	Automated Past Effectiveness Report	Contractor Past Effectiveness Reports, Contractor's Submission

The Past Effectiveness rating for an experienced Job Corps center operator is based on a combination of the Job Corps Automated Past Effectiveness Report (20 points) and Additional Information (5 points) at the discretion of the Contracting Officer.

(1) Automated Past Effectiveness Report (20 points)

Each center operator will receive an automated past effectiveness score based on an overall score from four measures associated with the contractors' Outcome Measurement System (OMS), Student Safety Satisfaction Survey (SSS), On-Board-Strength Report (OBS), and Quality Rating (QR). The Center's Automated Past Effectiveness Report will be generated automatically by the Job Corps Data Center quarterly.

Further, in the event that the offeror is the incumbent contractor for the Center being procured, the offeror will be evaluated using the weighted incumbent center score.

For example, if Center A is being procured and the incumbent contractor is XYZ Corp. To determine XYZ's past effectiveness score for that Center, the number shown in the 75% Rating column of the Center's Automated Past Effectiveness Report will be used.

(2) Additional Information (5 points)

In assigning these points, the contracting officer will consider such additional information as may provide further insight on the offeror's past experience and performance, and how such experience demonstrates the offeror's ability to perform the contract, including but not limited to, past effectiveness reports received from other Job Corps Offices and other Federal Agencies, and the information submitted by the contractor.

The Government reserves the right not to contact all of the references provided by the offeror. Names of individuals providing reference information about an offeror's past performance shall not be disclosed.

In evaluating the Cost Justification, the government will evaluate the credibility and reasonableness of the cost proposal relative to the technical proposal. The cost must be realistic in relation to the services offered.

The evaluation will include an analysis of the specific elements of the offeror's cost proposal to determine whether proposed cost elements:

- ☐ Reflect a clear understanding of contract requirements;
- ☐ Are realistic for the work to be performed; and
- ☐ Are consistent with the methods of performance and materials described in the offeror's technical proposal.
- ☐ Assure a reasonable and prudent expenditure of Federal funds in the performance of this contract.

A cost realism analysis shall be performed to determine the probable cost of performance for each offeror. The probable cost shall reflect the Government's best estimate of the cost of a contract that is most likely to result from the offeror's proposal. The government shall determine the probable cost by adjusting each offeror's proposed cost to reflect any additions or reductions in cost elements to realistic levels based on the results of the government's cost realism analysis.

In evaluating the Cost Proposal, the Government will take the following factors into consideration:

- a. Adherence to RFP requirements.

- b. Explanation and support of all costs proposed: wages, benefits, utilities, services, supplies, etc.
- c. Explanation and support of G&A costs. G&A costs should be supported by a full description of services to be provided to the center by corporate support staff. The Cost Justification proposal may propose a G&A ceiling rate higher or lower than the approved provisional rate. The proposed rate, if accepted, will become the ceiling for the entire contract period, including option years. Offerors must calculate G&A Expense at the proposed G&A ceiling rate.
- d. Consistency of costs with technical proposal. Mathematical errors, incompleteness of data, improper line item designations, etc., will be discussed with the offerors in the competitive range, if necessary.
- e. Total compensation plan for all employees

The Government will evaluate the Total Compensation plan to ensure that this compensation reflects a sound management approach and an understanding of the requirements to be performed. It will include an assessment of the offeror's ability to provide uninterrupted work of high quality. The total compensation proposed will be evaluated in terms of enhancing recruitment and retention of personnel and its realism and consistency with a total plan for compensation (both salaries and fringe benefits). Therefore, the cost justification evaluation category will include an assessment of the Total Compensation Plan.

- (1) In establishing compensation levels for all employees, the total compensation (both salaries, fringe benefits, bonuses, or monetary awards to employees) proposed shall reflect a clear understanding of the requirements of the work to be accomplished and the suitability of the proposed compensation structure to obtain and retain qualified personnel. The salary rates or ranges must recognize the distinct differences in skills and the complexity of varied disciplines as well as job difficulty. Proposals offering total compensation levels less than currently being paid by the predecessor contractor for the same work will be evaluated on the basis of maintaining program continuity, uninterrupted work of high quality, and availability of required competent employees. Offerors are cautioned that instances of lowered compensation for essentially the same work may be considered a lack of sound management judgment in addition to indicating a lack of understanding of the complexity of the requirements.
- (2) Proposals which are unrealistically low or do not reflect a reasonable relationship of compensation to the job categories so as to impair the contractor's ability to recruit and retain competent

employees may be viewed as reflecting a failure to comprehend the complexity of the contract requirements. The Government is concerned with the quality and stability of the work force to be employed on this contract. The compensation data required will be used in evaluation of the offeror's understanding of the contract requirements.

- (3) An assessment of the potential for adverse effect upon performance and maintenance of the required number of employees with requisite skills resulting from an unrealistically low compensation structure will also be made.

6. Transition/Phase-out Proposal (0 points)

Although no points are assigned to this portion of the submission, all offerors, with the exception of the incumbent, are required to submit a transition proposal. The incumbent shall submit a phase-out proposal.

Transition proposals shall be evaluated to determine the following:

To what extent does the offeror's plan display knowledge of the scope of tasks to be accomplished in transition?

How effective is the offeror in proposing complete and concrete plans and procedures to effect an orderly transition of the Job Corps center and OA & CTS functions?

To what extent are the corporate resources/staffing proposed adequate to complete the scope of tasks outlined in the transition plan?

M.2 SUPPLEMENTAL INFORMATION

The following information is presented to further assist offerors in responding to this RFP, as well as to provide information regarding how the Government will make the award decision.

A. Notice on Key Personnel

Offerors shall indicate whether persons being proposed as key personnel are currently being proposed as key personnel for any other projects. Offerors must notify the Contracting Officer in writing of any change in the availability of proposed key personnel when the change in status occurs, at any point in the procurement process.

Prior to award of a contract the Government will ask the successful offeror to verify the availability of all named Key Personnel. If for any reason, the named Key Personnel will not be assigned to this project, the offeror may submit the name and qualifications of

one of more proposed replacements. If, in the opinion of the Contracting Officer, a person proposed as a replacement is of substantially equivalent qualifications, award may still be made to the offeror. If proposed replacements are not equivalent, the contracting officer may find the offeror non-responsible. The contracting officer may then award the contract to another offeror or reopen negotiations with all offerors.

B. Competitive Range

In instances where more than one proposal is found acceptable, the Contracting Officer shall establish a competitive range in accordance with FAR 15.306. The competitive range will consist of proposals that, based upon review panel scores, are grouped at more or less the same level and are competitive with one another. The limits of what constitutes the competitive range in a particular case is a matter of judgement for determination by the Contracting Officer.

C. Discussions -Final Proposal Revisions

Discussions will be held with all offerors who submit/present proposals determined to be within the competitive range. However, in some instances, award may be made on the basis of initial proposals received (52.215-1). If discussions are conducted, offerors shall be given an opportunity to submit such costs, technical, or other revisions in their proposals as may result from the discussions. All such offerors shall be informed in writing of the closing of negotiations and the common due date for receipt of final proposal revisions. Technical revisions will be in writing as a response to the Government's written concerns. The Final Proposal Revision shall be limited to responses to the government's concerns, and, except for the Cost Justification, should not be an entirely new submission. In the event that an offeror's Final Proposal Revision does not fully substantiate costs or explain noted cost inconsistencies, the proposal score may be downgraded.

D. Selection for Award

Award will be made to the offeror who has submitted the proposal that offers the best value to the Government. In making this determination, all evaluation factors other than cost or price, when combined, are significantly more important than cost or price.

E. Calculation and Evaluation of Cost

The term "cost" as used in this RFP is defined as the total of the estimated cost, including G&A and overhead expense, and the fixed **and incentive** fee (if any). In evaluation of costs, the Government will use the probable cost of a contract resulting from the offeror's proposal, as determined by the Government in accordance with FAR 15.4. The following will be considered in making the final selection of the successful offeror:

1. Base two-year costs

2. Option year costs
3. Total Costs
4. Transition costs
5. Phase-out costs
6. Price Evaluation Adjustments: For full and open competitive procurements, the Contracting Officer will evaluate offers by making the following adjustments:
 - a. Small Disadvantaged Businesses: adding a factor of 10 percent (10%) to the price of all offers, except offers from small disadvantaged business concerns that have not waived the adjustment.
 - b. HUBZone Businesses: adding a factor of 10 percent (10%) to the price of all offers except:
 - i. Offers from HUBZone small business concerns that have not waived the evaluation preference, and
 - ii. Otherwise successful offers from small business concerns.
 - c. A concern that is both a HUBZone small business concern and a small disadvantaged business concern will receive the benefit of both the HUBZone small business price evaluation preference and the small disadvantaged business price evaluation adjustment (see FAR clause 52.219-23). Each applicable price evaluation preference or adjustment shall be calculated independently against an offeror's base offer. These individual preference amounts shall be added together to arrive at the total evaluated price for that offer.

Except when it is determined, in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total costs for all options to the total costs for the basic requirement. Evaluation of options will not obligate the Government to exercise the options. In evaluating the total five (5) year costs, the Government will place more weight on the base two (2) year costs because of the uncertainty of award of option years.

After a cost analysis of each Business Management Proposal for the base period (i.e., the base two-year period for the operation of the center), the options, and the total cost, a further evaluation will be performed to determine the reasonableness of cost presented in the Phase-Out Proposal and/or the Transition Proposal. The incumbent will not incur a transition cost, and the phase-out cost will act as a negative factor for a challenging offeror when considering total estimated cost. In consideration of the above, it is imperative that the incumbent does not overstate phase-out costs, as they will be reduced for cost comparison purposes based on their failure to meet the test of reasonableness noted above.

The contracting officer's decision to award an option will be made in accordance with FAR 17.207(c).

M.3 CONTRACTOR RESPONSIBILITY

The Contracting Officer will make a determination of responsibility in accordance with FAR 9.105-2. Should a determination of non-responsibility be made, the offeror will be dropped from consideration for contract award regardless of technical scores and cost. In the case of a small business concern, the matter will be referred to the Small Business Administration pursuant to FAR 19.6. Factors considered in determining responsibility include:

- ❑ Financial resource adequacy
- ❑ Ability to comply with the Statement of Work
- ❑ Past record of performance
- ❑ Record of integrity and business ethics
- ❑ History of prevention and management of significant incidents, if offeror has previously operated or is presently operating a Job Corps center
- ❑ Department of Labor review reports of offeror's Job Corps Center(s) if offeror has previously operated or is presently operating a center
- ❑ Program and fiscal controls
- ❑ Quality and quantity of corporate staff to be assigned to contract.

M.4 EVALUATION OF OPTIONS (JULY 1990)

Except when it is determined in accordance with FAR 17.206(b) not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).
